- Full Sun
- From Mary Most

'Red Spread' Turks Cap

- Prostrate
Growth Habit
- Sun to Shade
- Drought
Tolerant
- From Greg
Grant

'Mary Catherine'

Verbena x hybrida

'Mary Catherine'

Verbena x hybrida

A showy, vigorous, super red perennial verbena shared by Glenn Millard in Nacogdoches, where according to Glen, it spontaneously appeared in his garden. I named it for his mother who used to live in the same house and loved to garden there.

Full sun.

Greg Grant
